

1/364782/2024

Minutes of the meeting held on 29th Feb, 2024 and 1st March, 2024 under the Chairmanship of Sh. Anil Joshi, IFS, Member Secretary, HPSPCB to review the fulfilment Extended Producer Responsibility of Producer, Importer, Brand Owner, Waste Management Agencies and Plastic Waste Processors under Plastic Waste Management Rules, 2016.

Meetings were held on 29th Feb, 2024 and 1st March, 2024 under the Chairmanship of Sh. Anil Joshi, IFS, Member Secretary, HPSPCB at Baddi and Kala Amb to review the Extended Producer Responsibility of Producer, Importer, Brand Owner, Waste Management Agencies and Plastic Waste Processors under Plastic Waste Management Rules, 2016. Various officials of HPSPCB, Urban Development Department, Urban Local Bodies, Brand Owners, Waste Management Agencies, Industry Association and Plastic Waste Processors were present in the meeting. The attendance sheet is enclosed as **Annexure-I**.

At the outset, the house was apprised that earlier a meeting was held on 26.09.2023 at the Conference Hall, HPSPCB, Shimla (H.P.) under the Chairmanship of Sh. Sanjay Gupta, IAS, Chairman HPSPCB wherein various directions were issued to PIBOs, WMAs & PWPs for ensuring the Extended Producer Responsibility fulfilment in the State of Himachal Pradesh.

Thereafter, Sh. Chandan Kr. Singh, Environmental Engineer, HPSPCB delivered a detailed presentation on EPR guidelines laid under PWM Rules, 2016 informing the provisions under the Plastic Waste Management (PWM) Rules, 2016. It was apprised that only few PIBOs have submitted the report w.r.t. the directions issued in previous directions and most of them stands incomplete. Hon'ble High Court of Himachal Pradesh has taken a note on the need for effective implementation of Extended Producers Responsibility (EPR) in the matter of CPW No. 2369 of 2018 and is monitoring progress of it strictly.

CPCB has developed a centralized portal for the registration and tracking of the EPR progress. Through the CPCB Centralized portal, registered Plastic Waste Processor (PWP) (Recycler, Co-processor, Waste to Energy) shall to issue EPR Certificates to Registered Producers, Importers, Brand Owners (PIBOs) against the Plastic Waste processed by the PWP. Further PIBOs shall submit EPR Certificates as proof of fulfilment of EPR Obligation on the portal itself.

Thereafter, the responsibilities of PIBOs as per PWM Rules, 2016 were informed: -

- i. Rule 9 1), *The Producers, Importers and Brand Owners shall fulfil Extended Producers Responsibility for Plastic Packaging as per guidelines specified in **Schedule -II**.*
- ii. Rule 9 2), *Primary responsibility for collection of used multi-layered plastic sachet or pouches or packaging is of Producers, Importers and Brand Owners who introduce the products in the market. **They need to establish a system for collecting back the plastic waste generated due to their products.***
- iii. Schedule-II of PWM Rules, (14.1) *Producers, Importers & Brand-Owners while fulfilling their Extended Producer Responsibility obligations may*

1/364782/2024

develop collection and segregation infrastructure of plastic packaging waste, as required, based on the category of plastics. It may include the following based on implementation modality of Extended Producer Responsibility adopted by Producers, Importers & Brand-Owners: -

- a. *establish waste plastic collection points and Material Recovery Facilities (MRFs);*
- b. *ensure the collection of the plastic packaging waste from the collection points, with a frequency that is proportionate to the area covered and the volume;*
- c. *offer the collection of plastic, from the entities like urban local bodies, gram panchayats, other public authorities or third parties carrying out waste management, and provide for the collection from all entities that have made use of that offer; provide for the necessary practical arrangements for collection and transport;*
- d. *ensure that the plastic packaging waste collected from the collection points are subsequently subject to recycling in a registered facility by a recycler or its permitted end use in the designated manner.*

Thereafter, detailed discussion with the PIBOs was held, and they apprised that they are fulfilling EPR targets by coordinating with Waste Management Agencies, who on their behalf ensure the collection, transportation and disposal of the plastic waste.

Further, Plastic Waste Processors (PWPs) apprised to the house that currently the plastic waste being processed is well below the installed capacity as they are receiving less quantum of plastic waste from Himachal Pradesh. Further PWPs submitted that Rigid Plastic (Category-I) and flexible recyclable plastic (Category-II) mainly get routed to the informal sector by illegal means.

Thereafter, EPR Model of Nagar Nigam Ghaziabad, which is considered as one of the successful models in the country, is discussed and on the same, the State Pollution Control Board has requested Urban Development, GoHP to direct each PIBOs and ULBs to replicate the model.

After detailed discussions and deliberations, following directions were issued by the Chair: -

- i. **All the entities who have yet not applied for the EPR registration shall submit the case within 1 month. For any query, the units shall approach Regional Offices between 4:00-5:00 PM.**
- ii. **PIBOs and WMAs were directed to explore the registered PWPs in the State of Himachal Pradesh as the PWPs are working on very minimal capacity and it will be more economical to process the waste within State rather than transporting to other State. HPSPCB shall upload the detail of the registered PWPs in State at its website so that PIBOs can coordinate with the PWPs in the State for their EPR fulfilment.**
- iii. **Recycler shall submit the detail of the quantity of plastic waste**

1364782/2024

- processed to HPSPCB on quarterly basis.
- iv. All PIBOs shall submit the detail of the plastic waste generated from their product in the State of Himachal Pradesh and PIBOs were directed that they shall collaborate with the Urban Local Bodies & Gram Panchayats through waste management agencies and work out modalities of effective collection, segregation, and processing of plastic waste through registered plastic waste processors in the State. The detailed report in this regard shall be submitted to HPSPCB within 1 month.
 - v. WMAs were directed to submit a consolidated detail such as a) List of PIBOs on behalf of which they fulfil the EPR targets in Himachal Pradesh b) detail of the plastic waste collection in the Himachal Pradesh (the detail shall include the contact info, agreement with ULBs/ Vendor/ Aggregator, storage facilities in HP) c) detail of the disposal of the plastic waste. The detail shall be provided for FY 2022-23 and 23-24 within 15 days.
 - vi. All the registered PWPs were directed to tie up with ULBs/ WMAs for the processing of post-consumer waste and start generating the EPR certificate on the centralized portal of CPCB and also ensure the submission of Annual Report on portal.
 - vii. All PIBOs working in the State of H.P. shall submit progress of EPR compliance through online portal, not through offline mode.
 - viii. Rural Development Department shall to provide the detail of the Gram Panchayats wherein the plastic management units are being established, within 15 days.
 - ix. All ULBs shall generate their login credentials on the centralized portal of CPCB for ERP Registration as directed by Hon'ble High Court.
 - x. ROs shall submit progress report on fortnightly basis after corodinating with all stakeholders, w.r.t regitration and EPR compliance.

The meeting ended with a vote of thanks to and from the Chair.
