Sr. No.	Name & Address	Issues/Suggestions raised	Reply
1	Sh. Balvinder Singh, VPO Kayla, Tehsil Nurpur, District Kangra H.P.	He requested the Chairman to help him with his leg injury.	Assistant Environmental Engineer, Himachal Pradesh State Pollution Control Board informed that this public hearing is being conducted only to register any suggestions, views and complaints regarding the above proposed mining lease. The Chairman assured Sh. Balvinder Singh of assistance in resolving his issue. He also requested him to raise any suggestions, ideas, and complaints regarding the proposed mining lease.
2	Sh. Kartar Singh, Village Haddal, Tehsil Nurpur, District Kangra H.P.	He requested the Chairman to provide government assistance to Sh. Balvinder Singh regarding his leg injury.	The Chairman assured Sh. Balvinder Singh of assistance in resolving his issue. He also requested Sh. Kartar Singh to express any suggestions, ideas, and complaints regarding the proposed mining lease.
3	Sh. Anil Sharma, S/o Sh. Sukh Ram Sharma, VPO Kayla, Tehsil & District Kangra H.P.	He first thanked everyone and explained that he had already informed about the problems of the public of this area to concerned authorities at the previous public hearing. The major problem of this area is bad condition of road due to potholes and it hasn't been repaired after the monsoon season. Another problem is interrupted supply of electricity. Proper water supply to the people can only be achieved by solving the electricity problem. Due to this, people are facing water problems. Therefore, please repair the	-----

		roads and resolve the electricity problem so that the water problem can also be resolved. In addition, he requested for the proper surveillance of mining area and to ensure the mining shall be carried out as per the rules.	
4	Dr. Dilabar BMO Nurpur, Tehsil Nurpur, District Kangra H.P.	<p>He requested that during the project design and detailed environmental impact assessment, the impact of noise pollution and air pollution on health has been mentioned, so please tell about the standard operating procedures made for it.</p> <p>He asked that if noise pollution has a bad effect on a person's health, then what steps will you take in that regard.</p>	<p>The project consultant informed that the Central Pollution Control Board has laid down rules for limiting noise pollution in commercial, domestic, industrial and other areas.</p> <p>The project consultant stated that the project will not generate noise pollution exceeding 75 decibels. Therefore, there is no direct link between the mining project and noise pollution.</p> <p>Assistant Environmental Engineer, Himachal Pradesh State Pollution Control Board informed that the Central Pollution Control Board has laid down rules for limiting noise pollution in commercial, domestic, industrial and other areas. Apart from this, sampling of stone crusher and sampling of mining lease is also been carried out and if the results of the same exceeds the permissible limits, action shall also taken against it. In addition of this the State Board has laid down the sampling schedule.</p> <p>Further, monitoring on complaint bases of the stone crusher and minng lease has also carried out by the Himachal Pradesh State Pollution Control Board on regular basis.</p> <p>The project consultant stated</p>

			that the Himachal Pradesh State Pollution Control Board may inspect the project at any time.
5	Sh. Ashok Kumar, VPO Maira, Tehsil Nurpur, District Kangra H.P.	He explained that his land is adjacent to the Indoria Stone Crusher mining lease, causing approximately 10 kanals of land to be washed away and asking for the compensation. He further informed that the water course has been changed toward his land which may further caused the damage to his land in the upcoming rainy season.	The mining officer assured that he and his office officials would visit the area mentioned by Sh. Ashok Kumar. The Chairman also directed the mining officer to take action in the matter.
6	Sh. Vinay Kumar, Village & PO Kayla, Tehsil Nurpur, District Kangra H.P.	He pointed out that only five or six people from Batrah, Maira, and Kayla were present at the public hearing. He also said that most of the issues discussed were related to these villages, especially the dropping water table in the fields. He suggested that a solution should be found here to address these problems. He asked timing for mining activity and who is authorized to ensure it. He also asked can someone bring material for the house in a tractor? He informed that the mining activities are being carried out near cremation ground up to depth of 20 to 25 feet	The Assistant Environmental Engineer, Himachal Pradesh State Pollution Control Board had given information about this public hearing in the concerned Panchayats conducted by drums beating and pasting posters on 18.02.2026 and also through newspapers so that maximum number of people could participate in this public hearing. The project consultant stated that mining would be conducted during the daytime only, from 7:00 a.m. to 6:00 p.m. in the summer, and this would be ensured by the mining department. The mining officer said that mining is allowed in authorized mining areas only day time. Further, he explained that this is border area and there are problems regarding the illegal mining will remains in this area and action against illegal mining at night time should be ensured by the mining office. The mining officer explained that the area you're referring is a border area and there are

		instead of 2 meters.	problems regarding the illegal mining will remain in this area and action against illegal mining should be ensured by the mining office. Further, he explained that this public hearing is being held for the proposed mining lease, and the mining department will take action periodically if rules are violated. The mining officer assured Sh. Vinay Kumar that he would visit the area under question.
7	Sh. Kanu Pathania, Mehra, Nurpur, Kangra-H.P. Village Tehsil District	He requested that a crate wall shall be constructed to protect the land and ensure the proper flow of water, as it has already washed away our playground, and the cremation ground is also at risk of being eroded.	The Mining Officer requested Sh. Kanu Pathania to give a proposal through the Gram Sabha to save the land from being washed away so that funds could be made available from the District Mineral Fund Trust.
8	Sh. Prem Singh, Ex. Pradhan, Village Khani-Jhikli District Kangra H.P.	He first thanked everyone. He explained that mining also provides employment. He requested that the mining officer provide the proposal regarding the losses being discussed so that compensation could be provided.	-----

In addition, no written issues/suggestions were received during the public hearing.

After this, the Chairman thanked all those who were present during the public hearing and said that the suggestions were given by the public without any fear and pressure. Apart from this, you can raise the issues related to my office by coming to my office and I directed the mining officer to take action on the issues related to mining. Apart from this, a request was made to give a proposal for crate work through the Gram Sabha, so that funds can be made available from the District Mineral Fund Trust and its Chairman is the Honorable Deputy Commissioner, Kangra at Dharamshala. He said that the suggestions were given by the public, this all has been recorded in written and videography has also been done. This will be sent to Government and further decision shall be taken by the Government. At last, the Chairman thanked

all the Officers, Officials of various Departments and Pradhan, Up-Pradhan of villages and local residents.

At the end, Er. Rahul Sharma, Regional Officer, H. P. State Pollution Control Board, Dharamshala thanked all the officers of different Departments and the public for attending the Public Hearing and concluded the public hearing.
